

11TH - 17TH MARCH 2019

Monday

As we begin this week of prayer, we want to thank God for the many opportunities LMI has had to visit schools and churches during the last 30 years. It is truly a great privilege, and we are so thankful for how God has used the youth and schools outreach work since it started in 1989.

Wednesday

Our team design and create all their own programmes for use in schools and churches. Please pray that God would grant them wisdom and creativity, and that they would continue to develop programmes that honour God and challenge young people to think deeply about the Christian faith.

Friday

We are acutely aware of the immense pressures that the youth of today face from so many competing influences. Pray that through our Youth & Schools Outreach we would be able to positively impact the way young people think about themselves and God.

Sunday

There are many more schools to visit, young people to speak to and youth groups to attend. Pray for new openings for the team, and the strengthening of established relationships with schools and churches through regular visits.

Tuesday

We currently have a team of five people working in the Youth & Schools Outreach Department - Alison, Becky, Danny, Catalin and Alan. We would appreciate your prayers for strength, wisdom and God's help as they speak to thousands of young people every year.

Thursday

LMI's Youth & Schools Outreach Team love visiting SU groups to meet and challenge young people. This provides them with a great opportunity to encourage those who seek to follow Jesus in their school, home and community. Please pray for all the young people they come into contact with in this setting.

Saturday

In the future we would love to visit even more schools and churches, and so we are looking to expand our team! Please pray that God would inspire people with a heart and passion to reach young people to consider joining this crucial work.
